TRAGIC ROMANCE IN WOMAN'S DEATH

Palisades Mystery Victim Proves Widow of Major Slain in France

WAS WEDDED IN SECRET

Worried Over Failure to Receive Letter From France, Landlord Says

New York, Jan. 29.—The mystery of the slender, auburn-haired woman whose body was found on Sunday by hunters' dogs lying in a cleft on the lip of the Palisades opposite 156th street was unveiled last night when positive identification was announced, and a tragedy of tion was amounced, and a trakedy of the war disclosed. She was Miss Azesle Packwood, thirty-four years old, daughter of George H. Packwood, a wealthy business man of Tampa. Fla., and the story which ended among the bleak, windswept boulders atop the Jersey heights pieced together from the statement of Thomas J. Huckins. Prosecutor of Bergen County, and Mrs. Bradford Ellsworth, of 344 West Eighty-seventh street, who made the identification. who made the identification

follows:
On an afternoon in mid-June last year Mrs. Ellsworth went to the headquarters of the American Red Cross motor to enlist as a driver of an ambulance. When she entered the headquarters she found there, among others who had come to offer their services to the country, a strikingly handsome young woman with great masses of brown hair, tinged with red—a thing that first drew her attention and when Mrs. Ellsworth found that the woman was a stranger in the city she was attracted to her. Both passed the tests for admittance to the corps, had luncheon together, and an acquaintance began. acquaintance began.

Tramping 18 miles a day, Mr. H. M. Foreman, a mail carrier of Allentown, Pa., found that shoes with ordinary soles last about one month. But he says a pair of Neolin-soled shoes gave him more than nine months of service, in which time he walked over 4,000 in which time he walked over 4,000

His experience shows how you may save shoe money by providing your family with Neolin-soled shoes, which

give extra wear where other shoes wear out quickest.

You can get Neolin-soled shoes in any type of shoe you want. Prices are about the same as for shoes that give only ordinary wear, sometimes they are even less. If your dealer hasn't the style you want, he can get it for you quickly. Remember, Neolin Soles are created by science to be what soles should be. They are available everywhere for re-soling as well as on new shoes. They are made by The Goodyear Tire & Rubber Company, Akron.
